

Parents of Oboe Students:

At the Indiana Music Educators Conference this month, I learned of a different oboe reed supplier. Our 8th Grade oboe player has since ordered a few reeds from this company to double check the quality of these reeds, and the result was fantastic. These reeds are even better than the ones we have been using. They are a little more expensive, but they are certainly worth it. Instead of taking two months to receive your reeds, this company ships reeds in a matter of 2-3 days.

I'm going to ask that you purchase the PURPLE reed (no other color). Seventh and eighth graders should order MEDIUM Purple reeds, while the sixth graders should order MEDIUM SOFT Purple reeds. The quantity you order is your decision, but I would recommend that all oboe players have at least THREE reeds - one reed to use on a daily basis, a second reed to "break in", and a third reed to have as a back-up reed.

From this point on, the RMS Band will not be purchasing any oboe reeds to sell in class. Please have your student keep you updated as to how many reeds they have left. Several times this year, there have been students who did not buy reeds until their last one broke. Please always have reeds available.

Don't hesitate to ask any questions!

The web site address is: www.nielsen-woodwinds.com/c-133-oboe-reeds.aspx You'll find a photo of the appropriate reed below. Again, only order the PURPLE reeds!

Oboe Reeds - Purple

[E-mail this product to a friend](#)

Oboe reed, hand-made, tied with purple thread, uses American scrape.

See [Guide to Oboe Reed Selection](#) for help on selecting oboe reeds.
